REMARKS

25X1X

The following is a list of shipments loaded in September and October 1952 at the railroad stations of Jueterbog, Luckenwalde, Teltow, Forst-Zinna, Rangsdorf, Werder, Zossen and Wuensdorf. Those shipments from Wuensdorf which were contained in a previous report on the tank repair shop there are omitted.

25X1A

1. [REDACTED]

25X1A

2. [REDACTED] Comment. Aleksandrovski (fnu) is known from Forst Zinna and Colonel Repnoy (fnu) from Jueterbog. The other officers are unknown.

25X1A

3. [REDACTED] Comment. The correctness of the report is confirmed by the corresponding information [REDACTED] The loadings were made at the Jueterbog-Altes Lager railroad station.

25X1A

4. [REDACTED] Comment. A large coal distribution point appears to be located at the Jueterbog railroad station. This would account for the traffic between the main railroad station of Jueterbog and the railroad station of Jueterbog-Altes Lager.

25X1A

5. [REDACTED]

6. [REDACTED] Comment. A total of 343 cars was loaded in this area in September and a total of 541 cars in October. The report clearly indicates the location of the supply centers of the Third Gds Mech Army and Twenty-Fourth Air Army around Jueterbog-Altes Lager. The increase in the supply traffic in October was caused by an increased number of air force shipments. However, the volume of supply traffic is considered normal.
